

Bill Sinkin Solar Technology Award

Submittal Instructions

To apply for this award, please complete this entry form and submit along with your project narrative not later than August 5, 2016.

The entry material should be submitted electronically as a PDF file. Supporting material such as images, third party certifications, green building program checklists, etc, must be submitted also as a PDF file.

Only completed nominations will be eligible to participate. A completed nomination should include the nomination form, the nomination criteria narrative, and supplemental material.

Please submit your entry electronically to Liza Meyer at the CoSA Office of Sustainability (Liza.Meyer@sanantonio.gov) . Paper submissions will not be accepted.

Eligibility

This category is open to all solar photovoltaic and solar thermal projects that were installed in or near the City of San Antonio, within the CPS Energy service area.

Project Narrative

In a separate file, please provide a projection description that includes the design, technology, and installation process of the solar energy system. Please be sure to highlight any innovative practices or techniques implemented. If possible, include information about cost-savings, energy offset, or any other unique or noteworthy features of the project.

Additional Supporting Material

Please include additional material demonstrating the efficacy of the system. Each entry should include a set of images* that best illustrate the design and/or installation.

**By submitting photos you are authorizing CoSA to use the photographs for any promotional material.*
